

An Informative Three Day Seminar:

# ***MIOSHA Fundamentals*** ***of Safety and Health***

## **1** ***Who Should Attend . . .***

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA)

## **2** ***Why You Need This Seminar . . .***

- ▶ To reduce disabling injuries and illnesses to employees - and to ensure that every worker goes home safe and healthy every day.
- ▶ To reduce the high costs of work-related injuries. Nationally, employers spent an estimated 50.8 billion on wage payments and medical care for workers hurt on the job. (*Liberty Mutual Safety Index 2005*) This is only a portion of the total costs of work-related injuries. Indirect costs such as overtime, training and lost productivity can also burden employers.
- ▶ To enhance your company's bottom line. A strong safety and health commitment not only protects workers, it also reduces workers compensation costs, improves employee morale, and increases production and quality.

## **3** ***What You'll Learn . . .***

Many employers are faced with the need to appoint an employee to manage their safety and health system who may not be fully prepared for the challenge. This fundamentals course offers in **three days** the basics of creating a safety and health management system as well as providing an introduction to the MIOSHA Act and standards. A **half-day** is devoted to industrial hygiene to assist employers in uncovering and addressing the unseen health hazards in the workplace.

### **Agenda**

*We offer a flexible program agenda to emphasize the general industry topics you want most.*

- |   |   |
|---|---|
| ▶ Accident Investigation                          | ▶ Respiratory Protection                                |
| ▶ Act 154 Inspections & Citations                 | ▶ Hearing Conservation                                  |
| ▶ CET Services                                    | ▶ Introduction to Industrial Hygiene                    |
| ▶ Elements of a Safety & Health Management System | ▶ First Aid, Eyewash and Bloodborne Infectious Diseases |
| ▶ Ergonomics                                      | ▶ Machine Guarding                                      |
| ▶ Hazard Recognition and Self Inspection          | ▶ Recordkeeping   |
|   | ▶ Required Written Programs                             |

All meetings are accessible and barrier free. Please contact the cosponsor or CET Division, at least two weeks in advance, to request necessary accommodations.

# Facilitator

Micshall Patrick is currently an Occupational Safety Consultant with the Consultation Education and Training Division of MIOSHA. She has been with the Division for 17 years and currently provides consultation and training services for Kalamazoo, Kent, and Barry counties. During Micshall's tenure with CET, she has developed various safety training programs within the agency, including recordkeeping and powered industrial truck train the trainer.

Before working for the State of Michigan, Micshall was a personnel specialist with Kalamazoo County performing personnel functions and administering the county's workers' compensation program. She also chaired the County Safety Committee, which developed accident prevention programs for county employees. Micshall is a graduate of Kalamazoo College with a bachelor's degree in political science.
